

It has come to my attention that you are expanding the LPFM service which will put an end to national and regional services such as K-LOVE radio. I am one of thousands in the El Paso, TX area that listen to this radio station.

K-LOVE serves our community by providing the only source of Christian music. I do not listen to any other music.

K-LOVE is the only Christian music station that serves over a million people in two countries in the El Paso, TX, USA/Juarz, Mexico. With K-LOVE being displaced by a LPFM, millions of people would lose an opportunity to hear an alternative to secular music.

K-LOVE is a public interest in our community by providing families with music that is not offensive. I know my children will be receiving a positive message by listening to K-LOVE.

Please reconsider introducing Low Power FM. It will hurt existing programming that our community relies on.

Sincerely, Lorie Thomas
